Agrologia : Jurnal Ilmu Budidaya Tanaman is a peer-reviewed open-access journal published by Faculty of Agriculture Universitas Pattimura half-yearly in April and October. The journal surveys, discusses, and builds upon current research in plant cultivation. In addition, it targets readers from around the world in plant cultivation research. An Indonesian Accreditation Level or Sinta Accreditation started from Volume 7 Number 1, 2018.

Before Submission:

The author has to **make sure** that the manuscript has been prepared using **Agrologia's template** following the **author guidelines**. The manuscript should also have been carefully **proofread** and a **similarity check** (the **proofreading certificate** and **similarity check** result must be attached as a **supplementary file** in the submission process). Any manuscript which **does not meet** the author guidelines, **focus, and scope**, written in a **different format**, will be immediately **rejected**. The only manuscript which meets the **Agrologia standard** will be processed further.

Registration and **login** are required to submit items online and to check the status of current submissions.

Agrologia is indexed in:
